ARTICLE II

ACCEPTANCE OF PROPOSAL

2.1. Developer Designation. The City hereby selects the Developer to acquire the Property and perform the Work in accordance with the Approved Site Plan, the Redevelopment Plan, this Agreement and all Governmental Approvals. To the extent of any inconsistency among the foregoing, the parties agree that the Work described in the Governmental Approvals shall govern so long as such approvals do not constitute a change to the Redevelopment Plan or Redevelopment Project as would, in the opinion of the City Attorney or special counsel retained by the City, require further hearing pursuant to the TIF Act.

2.2. Developer to Advance Costs. The Developer agrees to advance all Redevelopment Project Costs as necessary to complete the Work, subject to the Developer’s right to abandon the Redevelopment Project and terminate this Agreement as set forth in **Section 7.1**. Additionally, and not by way of limitation:

- (a) *Advances Under Preliminary Funding Agreement.* Keat, under the Preliminary Funding Agreement, has heretofore advanced, or caused to be advanced,

pursuant to the Preliminary Funding Agreement, the aggregate sum of \$50,000 for certain Redevelopment Project Costs comprised of City planning, legal, administrative and other costs associated with the Redevelopment Project, the Redevelopment Plan, the Cost-Benefit Analysis and the negotiation of this Agreement. As of the date of this Agreement, \$0.00 remains under the Preliminary Funding Agreement.

(b) *Advances Upon Execution of Agreement.* Upon execution of this Agreement, the Developer agrees to advance to the City the sum of \$55,000 to pay (1) the City's reasonable planning, legal, financial and other consultants, and (2) administrative costs and expenses that are incurred in connection with the approval of the Redevelopment Plan, the negotiation and administration of this Agreement (including, without limitation, the enforcement of any performance bond and the review of Certificates of Reimbursable Redevelopment Project Costs, the Certificate of Substantial Completion, site plans and construction plans), and the creation of the District; provided, however, that administrative costs and expenses shall not include any portion of salary and benefit costs related to City staff. If the amount initially deposited pursuant to this subsection is insufficient for the purposes described herein, the Developer shall deposit any additional amount requested by the City within ten (10) days of a written request therefor; provided, however, that (i) the City shall obtain the Developer's approval before entering into any new engagements with any third party and (ii) the City shall provide the Developer with a monthly statement showing each agreement executed, amounts paid pursuant to each agreement, and amounts remaining due with respect to each agreement.

(c) *Advances Upon Issuance of Notes.* Upon the initial issuance of the TIF Notes, the Developer agrees to pay to the City all reasonable fees and expenses incurred by the City relating to such TIF Notes and any other reasonable costs related to the approval of this Agreement to the extent they are not already provided for by subsection (b) above.

(d) *District Creation Costs.* The Developer shall pay or cause to be paid all reasonable costs incurred by the City in connection with the creation of the District; provided, however, that administrative costs and expenses shall not include any portion of salary and benefit costs related to City staff.

(e) *Other Advances.* In addition to any amounts payable under other provisions of this Agreement, if the funds provided pursuant to subsection (b) above have been fully expended, the Developer agrees to pay to the City such amount as may be required from time to time to pay (1) the City's reasonable planning, legal, financial and other consultants, including consultants retained in connection with the reviews described in **Section 4.2(c)**, and (2) reasonable administrative costs and expenses that are incurred in connection with the approval of the Redevelopment Plan, the negotiation and administration of this Agreement, and the creation of the District; provided, however, that administrative costs and expenses shall not include any portion of salary and benefit costs related to City staff. The Developer shall pay such amounts within 30 days following delivery to the Developer of an invoice therefor.

(f) *No Waivers.* Payment of any advance under this Section will not waive any application fee or other cost to the Developer associated with any Governmental Approvals required by the Municipal Code, including but not limited to application fees for zoning changes and costs of traffic studies and landscape review.

(g) *Return of Excess Funds.* Within 30 days after the City's acceptance of the Certificate of Substantial Completion and the approval of the final Certificate of Reimbursable Redevelopment Project Costs, the City shall remit to the Developer any amounts that have been advanced under paragraphs (a), (b), (c) or (d) and that have not been spent for costs incurred by the City pursuant to such paragraphs.

(h) *Advances to be Reimbursable.* To the extent permitted by law, all sums advanced or deemed advanced by the Developer under this Section shall constitute Reimbursable Redevelopment Project Costs to be reimbursed to the Developer from the proceeds of TIF Obligations issued as provided herein or from District revenues as District Expenses.

ARTICLE III

OWNERSHIP OF THE PROPERTY; SCHEDULE; CONSTRUCTION OF REDEVELOPMENT PROJECT; CITY APPROVALS

3.1. Ownership and Acquisition of Property.

(a) *Control of Property.* As of the date of this Agreement, the Developer represents that it has valid, enforceable options to acquire the fee title to 11 parcels within the Redevelopment Area.

(b) *Acquisition of Uncontrolled Properties.* The Developer will attempt to acquire the Uncontrolled Properties by negotiation. If the Developer is unable to acquire such properties by negotiation, it may request, in writing, that the City initiate condemnation proceedings for the acquisition of such property. Failure to acquire valid enforceable options to acquire the Uncontrolled Properties or request that the City initiate condemnation proceedings for the Uncontrolled Properties by December 31, 2017 (or by February 28, 2018 for any leasehold interests) will result in the automatic termination of this Agreement; provided, however, the City Council may, in its sole discretion, extend such date by resolution. Notwithstanding anything to the contrary in this Agreement, the parties acknowledge and agree that condemnation may be required to clear title on certain parcels or condemn easements and that the Developer may request that the City initiate condemnation proceedings pursuant to subsection (d) below for the purpose of clearing title or condemning easements after December 31, 2017.

(c) *Condemnation Proceedings.*

(1) As a condition to the City's authorization hereunder for the initiation of condemnation proceedings, the Developer shall (A) provide evidence that the

jurisdictional and statutory prerequisites necessary for the initiation of such condemnation proceedings, including the requirement to negotiate in good faith, have been satisfied and (B) provide the City, acting through the City Attorney, the right to inspect any documentation relating to the Developer's efforts to acquire the parcel or parcels of the Uncontrolled Property, which are to be part of the proceeding, and to set reasonable requirements regarding further documentation from the Developer.

(2) Subject to the foregoing, the City shall, within 30 days after the Developer's request, initiate condemnation proceedings. Except as otherwise provided in this Agreement or as may be provided by law, the Developer, as the City's agent, shall control all condemnation proceedings and shall diligently prosecute all such proceedings; provided, however, that the selection of attorneys to prosecute any condemnation proceedings shall be subject to the City Attorney's approval, such approval not to be unreasonably withheld, conditioned or delayed. The City agrees to cooperate in such proceedings and to execute all pleadings and other documents that may be necessary and/or required during the prosecution of such proceedings. During the condemnation proceedings, the Developer agrees to consult with the City regarding recommendations by consultants to the Developer as to the fair settlement value of each such case. Advice and consultation with the City shall continue throughout such proceedings. The City shall, upon initiation of the condemnation proceedings, designate in writing to the Developer an individual who is authorized to represent the City in consultations with the Developer and its counsel. Upon the City's request, the Developer shall provide copies of all pleadings and other documents filed or prepared in conjunction with the prosecution of the condemnation proceedings for the City's inspection. The Developer shall pay all costs reasonably incurred by the City in connection with any condemnation action.

(3) Within 60 days after any commissioners' award (or such longer period as the assigned judge of the St. Louis County Circuit Court, or his or her designee, determines in his sole discretion is appropriate to facilitate the settlement of any condemnation proceeding), the Developer shall either: (A) notify the City that it is terminating this Agreement and abandoning the Redevelopment Project; (B) settle the proceeding; or (C) pay the amount of any commissioners' award issued in conjunction with any such condemnation proceeding either directly to the Clerk of the Circuit Court or to the City for payment of such commissioners' award to the Clerk of the Circuit Court, which payment the City will make immediately. Notwithstanding the foregoing, if the Developer requests that the City terminate any condemnation proceeding to effect a settlement of any such proceeding, this Agreement shall continue and the City and the Developer shall continue to diligently prosecute any other condemnation proceedings pending at such time. Upon request of the Developer after payment of any commissioners' award or settlement, the City shall promptly, at a time and place designated by the Developer, convey to the Developer by quit claim deed all right, title and interest in and to any such parcel acquired in connection with or as a result of the condemnation proceeding. The City agrees to the conveyance of the condemned property and to tender into escrow a fully approved and executed quit claim deed, which escrow shall provide for the release of such instrument upon the pay-in of the award or

settlement, so long as the Developer is not in default under this Agreement or the TIF Agreement.

(4) Notwithstanding anything to the contrary in this Section, the Developer shall be responsible for all attorneys' fees, penalties, damages and other costs associated with the abandonment of any condemnation proceedings or the prior acquisition of any property within the Redevelopment Area resulting from the Developer's decision to terminate this Agreement as described in clause (3)(A) above. This provision shall survive the termination of this Agreement.

(d) *Actions to Clear Title, Condemn Easements, etc.* Upon written request from the Developer, the City will cooperate in and participate in any actions necessary to clear title, condemn an easement, vacate right-of-way or similar activity, as may be necessary for the orderly acquisition of the property necessary for the Redevelopment Project. However, notwithstanding anything to the contrary contained herein, the City will not initiate condemnation proceedings until the Developer complies with subsection (c) to the extent possible with respect to the property interest sought to be condemned.

3.2. Relocation Assistance. The Developer shall relocate those occupants or businesses displaced from any portion of the Property in accordance with the Relocation Policy and applicable law, except as may otherwise be agreed in writing by such displaced occupant or business and approved in writing by the Developer, it being understood and agreed that any displaced occupant or business may waive his/her/its rights to statutory and other relocation benefits under the Relocation Policy or otherwise.

3.3. Project Construction.

(a) The Developer shall (1) acquire title to the Property on or before April 30, 2018 (not including title to any portion of the Property that is subject to a then-current condemnation proceeding), (2) commence the construction of the Redevelopment Project within fifteen (15) months following the effective date of this Agreement and (3) complete the Work (as evidenced by the City's acceptance or deemed acceptance of a Certificate of Substantial Completion) within thirty (30) months following the effective date of this Agreement. The provisions of **Section 7.7** do not apply to clause (1) above. For the purposes of clause (2), commencement of construction will be deemed to have occurred when (A) the Developer provides to the City an executed contract for the demolition of the existing structures in the Redevelopment Area and the necessary site work to prepare the Redevelopment Area for construction of the Redevelopment Project and (B) the on-site work under such contract begins.

(b) Notwithstanding any contrary provisions in **Section 7.6**, if the Developer has not completed the activities referenced in (a)(1) above within the applicable time periods described above, then the City may terminate this Agreement upon 10 days' written notice to the Developer.

(c) The Developer and its project teams shall (1) submit monthly written reports to the City Council regarding the status of constructing the Redevelopment Project and leasing the

commercial space included therein (provided, the Developer does not have to disclose any tenants or prospective tenants that the Developer, in its sole discretion, determines the disclosure of will harm lease negotiations or other business relationships) and (2) upon reasonable notice, meet with the City Manager and such other City staff and consultants as designated by the City Manager to review and discuss the design and construction of the Work to enable the City to monitor the status of construction and to determine that the Work is being performed and completed in accordance with this Agreement and the Municipal Code.

(d) Construction of the Work shall be pursued in a good and workmanlike manner in accordance with the terms of this Agreement.

3.4. Construction Contracts; Insurance. The Developer may enter into one or more construction contracts to complete the Work. All construction contracts entered into by or on behalf of the Developer shall state that the contractor has no recourse against the City in connection with the contractor's construction of the applicable portion of the Work. The Developer shall obtain or shall require any contractor to obtain workers' compensation, commercial public liability and builder's risk insurance coverage in amounts required by the City pursuant to **Section 7.10** and shall deliver evidence of such insurance to the City. The Developer shall require that such insurance be maintained by the contractors for the duration of the construction of the applicable portion of the Work.

3.5. Competitive Bids; Prevailing Wage; Federal Work Authorization.

(a) The Developer shall comply with all federal, State and local laws relating to the construction of the Redevelopment Project, including, but not limited to, Section 107.170, RSMo., and laws relating to the payment of prevailing wages and competitive bidding, to the extent such laws are applicable to the Redevelopment Project or portions thereof.

(b) The Developer acknowledges that it must comply with Section 285.530, RSMo. regarding enrollment and participation in a federal work authorization program with respect to their respective employees working in connection with the Redevelopment Project. The Developer represents and warrants that it is in compliance with Section 285.530, RSMo. at the time of execution of this Agreement and has provided a sworn affidavit and supporting documentation affirming participation in a qualified work authorization program as evidence thereof.

3.6. Governmental Approvals. The City agrees to cooperate with the Developer and to process and timely consider all complete applications for the Governmental Approvals as received, all in accordance with the applicable City ordinances and laws of the State.

3.7. Concept Site Plan; Approved Site Plan; Zoning.

(a) *Approval of Concept Site Plan and Approved Site Plan.* The City hereby approves the Concept Site Plan. Such approval does not exempt the Developer from any zoning

or site plan review process required by the Municipal Code. The Parties agree that the Approved Site Plan shall govern the ultimate design and construction of the Redevelopment Project.

(b) *Changes.* During the progress of the Work, the Developer may make changes to the Approved Site Plan as permitted by the Municipal Code.

(c) *Planned Zoning.* The Developer agrees that it will pursue planned development district zoning for the Redevelopment Project and acknowledges that the City may impose certain quality standards for the Redevelopment Project as part of such zoning.

3.8 Construction Plans.

(a) The Construction Plans shall be prepared by one or more professional engineers or architects licensed to practice in the State of Missouri. The Construction Plans and all construction practices and procedures with respect to the Work shall conform with all applicable state and local laws, ordinances and regulations, including, but not limited to, any performance, labor and material payment bonds required for public improvements. The Developer shall submit Construction Plans for approval by the City's Building Commissioner or his designee in sufficient time so as to allow for review of the plans in accordance with applicable City ordinances and procedures and in accordance with the schedule set forth in **Section 3.3**, subject to **Section 7.7**. The plans shall be in sufficient completeness and detail to show that construction will be in conformance with the Approved Site Plan and this Agreement.

(b) Before commencement of construction or during the progress of the Work, the Developer may make such reasonable changes, including, without limitation, modification of the construction schedule, including dates of commencement and completion, modification of the areas in which the Work is to be performed, relocation, expansion or deletion of items, revisions to the areas and scope of the Work, and any and all such other changes as site conditions or orderly development may dictate or as may be required to meet any reasonable requests of prospective tenants or purchasers of any real property located within the Redevelopment Area or as may be necessary or desirable, in the sole determination of the Developer, to enhance the economic viability of the Redevelopment Project and as may be in furtherance of the general objectives of the Redevelopment Plan; provided that, (1) the Developer shall obtain all necessary approvals and comply with all laws, regulations and ordinances of the City, (2) any changes shall not result in an extension of the time for performance of any obligation under this Agreement, and (3) the Developer shall obtain the City's advance written consent to any change that would, in the opinion of the City Attorney or special counsel retained by the City, result in such a change in the Redevelopment Project as would require compliance with the notice and hearing requirements of Section 99.825 of the TIF Act.

3.9 Special Development Conditions.

(a) The Developer acknowledges that in consideration of the public participation in financing Redevelopment Project Costs, the City expects that the Redevelopment Project will be of a high quality and will include enhanced aesthetic features, including public art and/or water features, facades, landscaping, bicycle parking and pedestrian access.

(b) City staff shall be allowed to participate in any MoDOT negotiations regarding signalization and lane improvements/changes to Olive Boulevard.

(c) The Developer shall ensure that no deliveries occur between the hours of 10 p.m and 6 a.m. in any area portion of the Redevelopment Area located within 20 feet of a residential lot line.

(d) The Developer shall, prior to completing final design of the Redevelopment Project, meet at least once with the Stoneleigh Towers Neighborhood Association Trustees to discuss the design of the Redevelopment Project.

(e) The Developer will meet regularly with the City Manager throughout the site plan design process to discuss the location of public space, vehicle ingress/egress, dedicated pedestrian movements and crossings, bicycle facilities, public transportation access and other features. The Developer will make a commercially reasonable effort to incorporate the City Manager's suggestions regarding such features into the final site plan submitted to the City for approval as part of the zoning process.

(f) The final site plan submitted to the City for approval as part of the zoning process shall, to the extent reasonably feasible, comply with the development standards contained Sections 400.2150 and 400.2160 of the Municipal Code for development in the "M-U Gateway I-170/Olive Boulevard Mixed-Use Gateway District." Notwithstanding the foregoing, the Parties agree that the Approved Site Plan shall govern the ultimate design and construction of the Redevelopment Project.

(g) In addition to the foregoing, the Redevelopment Project shall incorporate the special development conditions set forth in **Exhibit G**, attached hereto and incorporated herein by reference.

3.10. Tenant Selection.

(a) The Developer agrees to use best efforts to secure the highest quality users for the purpose of occupying space within the Redevelopment Area, and to market the space within the Redevelopment Area to those users which, in the reasonable judgment of the Developer, are more likely to result in the Redevelopment Project being viewed as a unique and quality gateway to the City. Accordingly, when selecting between users of equal credit worthiness, equal sales revenue potential and equal lease terms and conditions, the Developer agrees to give greater weight to those users which are more likely, in the reasonable judgment of the Developer, to contribute to the Redevelopment Project's identity as the gateway to the City (for example, choosing a unique restaurant over a restaurant that already has several locations in the area).

(b) Unless approved in writing by the City, the following types of uses shall not be permitted within the Redevelopment Area: adult entertainment, adult bookstores, liquor stores as a primary use (but not including retail outlets of greater than 10,000 square feet specializing in sales of wine and other spirits), pawn shops, payday loan and similar uses, thrift or secondhand stores, retailers who engage primarily in buy-out or liquidation merchandise, and discount

general merchandise (e.g., Family Dollar, Dollar General or Dollar Tree) or discount grocery retailers (e.g., Save-A-Lot, Aldi or Ruler).

(c) Unless approved in writing by the City, non-retail uses (including, without limitation, medical/dental offices, bank branches, title offices and financial advisory firms) may not exceed twenty percent (20%) of the gross leasable square footage of the Redevelopment Project.

(d) Unless approved in writing by the City, retail establishments currently located elsewhere in the City may not relocate into Redevelopment Project (it being understood that if a retail establishment does relocate into the Redevelopment Project, the City may make a finding that such relocation is a direct beneficiary of tax increment financing and adjust the base year level of Economic Activity Taxes as permitted in Section 99.805(4) of the TIF Act).

3.11. Certificate of Substantial Completion.

(a) Upon substantial completion of the Work, the Developer shall furnish a Certificate of Substantial Completion to the City. The Certificate of Substantial Completion shall be in substantially the form of **Exhibit C**, attached hereto and incorporated herein by reference.

(b) The appropriate City official shall diligently process the submitted Certificate of Substantial Completion, including making such inspections as may be reasonably necessary to verify the accuracy of the project architect's certifications accompanying the Certificate of Substantial Completion. The appropriate City official shall accept or reject any Certificate of Substantial Completion, and the accompanying certifications of the project architect, and shall do so in writing within forty-five (45) days following delivery to the City. If the City fails to approve or reject the Certificate of Substantial Completion in writing within such 45-day period, then the Developer shall notify the City in writing of its failure to take action on the Certificate of Substantial Completion and the City shall have thirty (30) days from receipt of such notice to accept or reject the applicable Certificate of Substantial Completion in writing. If the City has not accepted or rejected the applicable Certificate of Substantial Completion within such 30-day period, the Certificate of Substantial Completion shall be deemed accepted by the City. If the appropriate City official rejects a Certificate of Substantial Completion and/or accompanying certifications, such rejection shall specify in reasonable detail in what respects the Developer has failed to complete the Work in reasonable accordance with the provisions of this Agreement, or in what respects the Developer is otherwise in default, and what reasonable measures or acts the Developer must take or perform, in the opinion of such City official, to obtain such acceptance.

(c) Upon acceptance (or deemed acceptance) of any Certificate of Substantial Completion by the City, the Developer may record the Certificate of Substantial Completion with the St. Louis County Recorder, and the same shall constitute evidence of the satisfaction of the Developer's agreements and covenants to perform the Work in accordance with this Agreement.

3.12. Community Improvement District.

(a) The Developer shall petition the City for the creation of the District following its acquisition of the Property. The District's boundaries shall cover, at a minimum, all portions of the Property used for commercial uses.

(b) The Developer shall cause the District, promptly following its formation and constitution of a board of directors to (1) authorize and enter into the District Project Agreement, and (2) take such steps as are necessary to impose the District Sales Tax in the amount of one percent (1.0%) or extend the existing District Sales Tax to include the Property.

(c) The City acknowledges that the District is integral to the financing of the Redevelopment Project, and in that regard the City will cooperate with and assist the Developer in all proceedings relating to the creation and certification of the District.

(d) The District shall not issue any other bonds or notes without the prior written consent of the City, which may be withheld in its sole and absolute discretion. Except as set forth in the District Project Agreement, the District shall not incur any other obligations without the prior written consent of the City in its sole and absolute discretion.

(e) The parties agree that 50% of the District Revenues will constitute Economic Activity Taxes and will be transferred to or at the direction of the City for deposit into the EATS Account of the Special Allocation Fund pursuant to **Section 6.1** (and the Developer will cause the District to provide the necessary consents thereto required by Section 99.845.3 of the TIF Act). In addition, the Developer will cause the District to transfer all other District Revenues (i.e., the portion not required to be deposited into the Special Allocation Fund by operation of the TIF Act), less District Expenses, to the City or to any Trustee for any TIF Obligations in accordance with **Section 6.2**. Once all TIF Obligations have been repaid, the District may use District Revenues for any purpose permitted by the CID Act and the petition providing for the creation of the District.

(f) Notwithstanding anything contained herein to the contrary, if property outside of the Redevelopment Area is included in the District's boundaries, then, so long as any TIF Obligations are outstanding, (1) at least 50% of District Revenues generated from the property outside of the Redevelopment Area shall be included in the District Revenues transferred to the District Revenues Account or the Trustee pursuant to **Section 6.2** and (2) any other District Revenues generated from such property may be utilized for any purpose permitted by the CID Act and the petition providing for the creation of the District.

ARTICLE IV

REIMBURSEMENT OF DEVELOPER COSTS

4.1. City's Obligation to Reimburse Developer. The City agrees to reimburse the Developer, but solely from the proceeds of the TIF Notes and/or TIF Bonds as provided herein, for verified Reimbursable Redevelopment Project Costs in an amount not to exceed the Maximum Reimbursement Amount (plus Issuance Costs and accrued interest on any TIF Notes), or such lesser amount as provided herein.

4.2. Reimbursements Limited to Reimbursable Redevelopment Project Costs. Reimbursements to the Developer are limited to costs that qualify as "redevelopment project costs" under Section 99.805(15) of the TIF Act, plus Issuance Costs and accrued interest on the TIF Notes. Reimbursable Redevelopment Project Costs incurred by the Developer will be eligible for reimbursement upon compliance with the following procedures:

(a) The Developer may submit to the City, no more frequently than once per month, a Certificate of Reimbursable Redevelopment Project Costs in substantially the form of **Exhibit D**, attached hereto and incorporated herein by reference. Such Certificate shall be accompanied by itemized invoices, receipts or other information that will demonstrate that any cost has been incurred and qualifies for reimbursement pursuant to this Agreement.

(b) The City shall notify the Developer in writing within 30 days after each submission of its approval or disapproval of the costs identified in each Certificate of Reimbursable Redevelopment Project Costs. If the City determines that any cost identified as a Reimbursable Redevelopment Project Cost is not a Reimbursable Redevelopment Project Cost under this Agreement, the City shall so notify the Developer in writing within 30 days after the submission, identifying the ineligible cost and the basis for determining the cost to be ineligible. The Developer shall then have the right to identify and substitute other Redevelopment Project Costs as Reimbursable Redevelopment Project Costs, which shall be included with a supplemental application for payment submitted within 15 days after the City's notification of any ineligible costs. The City shall then review and notify the Developer in writing within 30 days after submission of its approval or disapproval of the costs identified in the supplemental application for payment. If the City fails to approve or disapprove the Certificate of Reimbursable Redevelopment Project Costs within 30 days of submission, the Certificate shall be deemed approved. Notwithstanding anything to the contrary above, (1) the maximum amount of reimbursement shall not exceed the Maximum Reimbursement Amount (plus Issuance Costs) and (2) no reimbursement shall be permitted for any costs related to the vertical construction of buildings.

(c) The Developer shall provide such information, books and records as the City may reasonably request for the City to confirm that any cost submitted qualifies as a Reimbursable Redevelopment Project Cost under this Agreement, has been incurred and paid by the Developer, and not reimbursed by the District. The City may retain such

consultants as it deems necessary in connection with such review, the cost of which shall be paid from the funds deposited pursuant to **Section 2.2(e)**.

4.3. City's Obligations Limited to Special Allocation Fund and Bond Proceeds.

Notwithstanding any other term or provision of this Agreement, the TIF Notes issued by the City for Reimbursable Redevelopment Project Costs are payable only from the Special Allocation Fund, from District Revenues (to the extent such District Revenues are made available to the City or any Trustee for the TIF Obligations), from Bond Proceeds and from no other source.

ARTICLE V

OBLIGATIONS

5.1. Issuance of TIF Notes. Subject to the limitations contained herein, so long as no default by the Developer has occurred and is continuing hereunder, the City will issue the TIF Notes, in the form substantially similar to **Exhibit E**, attached hereto and incorporated herein by reference, to reimburse the Developer for Reimbursable Redevelopment Project Costs up to the Maximum Reimbursement Amount plus Issuance Costs as provided herein. The City may issue the TIF Notes in either a taxable and/or a tax-exempt series.

(a) *Terms.* The TIF Notes shall bear interest at (a) a fixed rate equal to 5.00% if the interest on the TIF Notes (in the opinion of Bond Counsel) is not excluded from gross income for federal income tax purposes (the "*Taxable Rate*"), or (b) a fixed rate equal to the Taxable Rate less 150 basis points if the interest on the TIF Notes (in the opinion of Bond Counsel) is excluded from gross income for federal income tax purposes (the "*Tax-Exempt Rate*"); provided, if (1) the Developer has complied with its obligations under this Agreement, including but not limited to **Section 5.3** and **Section 5.6**, and (2) the City does not, within 12 months following the City's acceptance or deemed acceptance of the Certificate of Substantial Completion, issue TIF Bonds, then commencing on the date that is 12 months following the City's acceptance or deemed acceptance of the Certificate of Substantial Completion, the Taxable Rate and the Tax-Exempt Rate shall each be increased by 2.00% from such date until the date that refunding TIF Bonds are issued in accordance with **Section 5.2**. Notwithstanding any provision herein to the contrary, the City shall be deemed to have satisfied its obligation to issue TIF Bonds pursuant to **Section 5.2** if the City is unable to issue TIF Bonds in an amount sufficient to refund all of the outstanding TIF Notes, and the City notifies the Developer of the City's agreement to issue refunding TIF Bonds to refund only a portion of the TIF Notes. Interest on the TIF Notes shall not be compounded. All TIF Notes shall have a stated maturity equal to the longest period permissible under the TIF Act.

(b) *Conditions Precedent to Issuance of the TIF Notes.* Within 15 business days after (1) acceptance or deemed acceptance of the Certificate of Substantial Completion pursuant to **Section 3.10**, (2) approval by the City of a Certificate of Reimbursable Redevelopment Project Costs pursuant to **Section 4.2**, (3) calculation of any adjustment to the Maximum Reimbursement Amount pursuant to **Section 5.6**, and

(4) approval of the Note Ordinance, the City shall issue the TIF Notes, or endorsements to outstanding TIF Notes, subject to the limitations of **Article IV** and this Section. Upon the acceptance by the City of a Certificate of Reimbursable Redevelopment Project Costs and the issuance of the TIF Notes as provided herein, the Developer shall be deemed to have advanced funds necessary to purchase such TIF Notes and the City shall be deemed to have deposited such funds in the Project Fund and shall be deemed to have reimbursed the Developer in full for such costs from the amounts deemed to be on deposit in the Project Fund from time to time.

(c) *Abatement of Interest.* In addition to all other remedies available under this Agreement, if the City provides written notice to the Developer of the Developer's failure to comply with **Section 5.3** and such failure is not cured within the 30-day period set forth in **Section 7.6**, then interest shall cease to accrue on all outstanding TIF Notes until the Developer cures the default.

5.2. TIF Bonds.

(a) *When Issued.* The City may issue or cause to be issued TIF Bonds at any time in its sole discretion. The TIF Bonds may be issued in an amount sufficient to refund all or a portion of the outstanding TIF Notes. Alternatively, the Developer may, with the City's consent (not to be unreasonably withheld or delayed), request the IDA to issue TIF Bonds in an amount sufficient to refund all or a portion of the outstanding TIF Notes. Any TIF Notes not refunded by TIF Bonds shall be fully subordinated as to both principal and interest to the TIF Bonds. At the request of the Developer and prior to the acceptance of the Certificate of Substantial Completion, the City may, in its sole and absolute discretion, issue or cause to be issued TIF Bonds in an amount sufficient to refund all or a portion of the outstanding TIF Notes issued. Subsequent to the acceptance of the Certificate of Substantial Completion, the City shall issue or cause to be issued TIF Bonds in an amount sufficient to refund all or a portion of the outstanding TIF Notes, provided that the market conditions are such that the payment terms of the TIF Bonds are sufficiently favorable that a reasonably prudent financial officer or agent of a similarly situated political subdivision would undertake such a refunding or refinancing of the TIF Notes. The Developer may, from time to time, make a written request of the City for the issuance of the TIF Bonds, provided that the City shall have no obligation to issue the TIF Bonds except in accordance with this Section. Notwithstanding the foregoing, no TIF Bonds shall be issued by the City or the IDA until such time as:

(1) the City has received the consents or evidence that the Developer has used commercially reasonable efforts to obtain the consents required pursuant to **Section 6.1(c)**;

(2) if necessary, the City has obtained an independent revenue study by a consulting firm reasonably acceptable to the underwriter, Bond Counsel and the Developer;

(3) the City has selected Bond Counsel, an underwriter, a financial advisor, the trustee and other consultants as the City deems necessary for the issuance of the TIF Bonds, following reasonable consultation with the Developer as provided by **Section 5.4**, and the City has entered into an agreement with such underwriter for the purchase of the TIF Bonds; and

(4) the parties provide such other certificates, statements, receipts and documents as may be reasonably required by the underwriter, Bond Counsel or the City for issuance and delivery of the TIF Bonds, purchase of such TIF Bonds by the underwriter and issuance and delivery of an opinion of Bond Counsel to the effect that the TIF Bonds constitute valid and legally binding special, limited obligations of the City.

(b) *Application of TIF Bond Proceeds.* The net proceeds of any TIF Bonds (after the payment of Issuance Costs, capitalized interest, accrued interest and required reserve funds) shall be used to refund the TIF Notes.

5.3. Cooperation in the Issuance of TIF Obligations.

(a) If the City elects to issue TIF Bonds, the Developer covenants to cooperate, and to cause the District to cooperate, and take all reasonable actions necessary to assist the City and its Bond Counsel, underwriters and financial advisors in the preparation of offering statements, private placement memorandum or other disclosure documents and all other documents necessary to market and sell the TIF Obligations, including (1) disclosure of tenants of the Property and the non-financial terms of the leases between the Developer and such tenants, and (2) providing sufficiently detailed estimates of Reimbursable Redevelopment Project Costs so as to enable Bond Counsel to render its opinion as to the tax-exemption of TIF Obligations. The Developer shall, if requested by the City, execute a continuing disclosure agreement or undertaking, whereby the Developer will be required to provide annual updates to certain operating information, including the information regarding tenant leases described above. The Developer will not be required to disclose to the general public or any investor the rent payable under any such lease or any proprietary or confidential financial information pertaining to the Developer, its tenants or the leases with its tenants, but upon the execution of a confidentiality agreement acceptable to the Developer, the Developer will provide such information to the City's financial advisors, underwriters and their counsel to enable such parties to satisfy their due diligence obligations. Such compliance obligation shall be a covenant running with the land, enforceable as if any subsequent transferee thereof were originally a party to and bound by this Agreement.

(b) If the IDA issues the TIF Bonds, the City covenants to cooperate and take all actions reasonably necessary to assist the IDA in the issuance of the TIF Bonds. The maturity date of any TIF Bonds issued by the IDA may be later than _____, 2040 (i.e., 23 years from the adoption of the TIF Ordinance), however, the City's obligation to contribute TIF Revenues to the repayment of such TIF Bonds issued by the IDA shall terminate no later than _____, 2040. Any such TIF Bonds outstanding after such date shall be payable from District Revenues only.

(c) Notwithstanding anything to the contrary contained herein, the City and the Developer acknowledge and agree that, if recommended by Bond Counsel, TIF Obligations may be issued in separate series payable from separate portions of the Available Revenues (for example, Bond Counsel may recommend a separate series of TIF Obligations payable only from District Revenues).

5.4. City to Select Bond Counsel, Underwriter and Consultants; Term and Interest Rate. The City shall select, in its sole discretion, following consultation with the Developer, Bond Counsel, underwriters, financial advisors, the trustee and consultants as the City deems necessary for the issuance of the TIF Bonds. The final maturity of the TIF Bonds shall not exceed the maximum term permissible under Missouri law (provided, however, that if the IDA issues TIF Bonds, the final maturity of such TIF Bonds may be later than what would be permitted if the City issued the TIF Bonds, but the City's obligation to pay TIF Revenues to the

IDA to secure the TIF Bonds will not extend beyond the maximum term permitted by the TIF Act). The TIF Bonds shall bear interest at such rates, shall be subject to redemption and shall have such terms as the City, following consultation with the Developer, underwriters, financial advisors and consultants, shall reasonably determine in conformance with the terms of this Agreement.

5.5. No Other Obligations or Uses of Available Revenues. So long as the Developer holds any of the TIF Notes initially issued hereunder, the City shall not issue any other indebtedness or obligations secured by Available Revenues deposited into the account of the Special Allocation Fund from which such TIF Notes are secured (other than TIF Obligations to refund and refinance, and redeem and pay in full, such TIF Notes), and the City shall not use or apply any Available Revenues to pay any Redevelopment Project Costs other than the Reimbursable Redevelopment Project Costs. Following the redemption and payment in full of the TIF Notes, the City may utilize any excess Available Revenues that are not needed to pay the TIF Bonds or other outstanding TIF Obligations to pay any other authorized Redevelopment Project Costs.

5.6. Public Participation and Investment Deficit.

(a) The Developer's current estimated cost of the Redevelopment Project is set forth as **Exhibit H**, attached hereto and incorporated herein by reference. Prior to the issuance of the TIF Notes, the Developer shall furnish to the City a statement of Verified Total Project Costs, which shall be in substantially the same format as the budget set forth as **Exhibit H**, attached hereto and incorporated herein by reference. The Developer shall also furnish reasonable back-up documentation supporting such costs sufficient to satisfy the City as to the accuracy of such statement. Notwithstanding anything to the contrary contained herein, the submitted budget may include (1) costs incurred by third-party tenants or purchasers of sites within the Redevelopment Area (for example, if the Developer sells a pad site to a third-party who constructs a restaurant on the site, the Developer may include the third-party's cost of constructing the restaurant in the budget) and (2) costs of capital contributions and improvement allowances paid to third-party tenants or purchasers of sites within the Redevelopment Area, in addition to other costs directly incurred by the Developer. With respect to the costs of buildings or improvements constructed by third-parties, the City agrees that a report prepared by a professional engineer estimating the cost of constructing the applicable buildings or improvements shall constitute reasonable back-up documentation of such costs.

(b) Following the City's determination that the statement of Verified Total Project Costs is accurate, the City shall determine if an Investment Deficit exists. If an Investment Deficit exists, then, notwithstanding anything to the contrary contained herein, the Maximum Reimbursement Amount shall be reduced by \$0.36 for each \$1.00 of Investment Deficit.

(c) Notwithstanding subsections (a) and (b), the Developer may, within 12 months from the initial submission of a statement of Verified Total Project Costs, submit additional statements of Verified Project Costs. Upon any such additional submission, the City shall (1) recalculate the Investment Deficit as provided in subsection (b) using the total of the new and all previously submitted Verified Project Cost statements, (2) recalculate the adjustment in the

Maximum Reimbursement Amount as provided in subsection (b), (3) notify the Developer of the newly-adjusted Maximum Reimbursement Amount, and (4) upon approval of applicable Certificates of Reimbursable Redevelopment Project Costs, endorse the TIF Notes up to the newly-adjusted Maximum Reimbursement Amount.

ARTICLE VI

SPECIAL ALLOCATION FUND; COLLECTION AND USE OF TIF REVENUES

6.1. Special Allocation Fund. The City agrees to cause its Finance Director or other financial officer to maintain the Special Allocation Fund, including within such fund a “*PILOTS Account*,” an “*EATS Account*,” and a “*District Revenues Account*.” Subject to the requirements of the TIF Act and, with respect to Economic Activity Taxes and District Revenues, subject to annual appropriation by the City Council and/or the District, as applicable, the City will, promptly upon receipt thereof, deposit all Payments in Lieu of Taxes into the PILOTS Account, all Economic Activity Taxes that constitute TIF Revenues into the EATS Account, and all District Revenues (that are received by the City and are not TIF Revenues) into the District Revenues Account.

(a) *Certificate of Total Initial Equalized Assessed Value.* The City shall provide to the Developer, within 30 days after the City’s receipt thereof, the St. Louis County Assessor’s calculation of the total initial assessed value of all taxable property within the Redevelopment Area, determined pursuant to Section 99.855.1 of the TIF Act.

(b) *Certificate of Initial Economic Activity Tax Revenues.* The City shall provide to the Developer and shall file with St. Louis County, within 30 days after the City’s receipt thereof, a certification of the total additional revenues from Economic Activity Taxes that are eligible pursuant to the TIF Act or other Missouri law for deposit into the Special Allocation Fund and that were imposed by the City or other taxing districts for economic activities within the Redevelopment Area in the calendar year prior to the adoption of tax increment financing for such area.

(c) *Consent to Release of Sales Tax Information.* If there are six or fewer tenants generating sales taxes, the Developer shall cause each tenant within the Redevelopment Area to deliver a consent to disclose sales tax information allowing the City to make public sales tax information for the purposes of complying with reporting requirements contained in the TIF Act and making certain disclosures associated with any public offering of TIF Bonds. Receipt of such consent shall be a prerequisite to the issuance of the TIF Notes or TIF Bonds.

6.2. Transfer of District Revenues. The Developer shall cause the District, subject to annual appropriation by its board of directors and in accordance with the District Project Agreement, to transfer all District Revenues to the City or to a Trustee for any TIF Obligations for deposit in the District Revenues Account of the Special Allocation Fund or with the Trustee.

If District Revenues are paid to the City, the Finance Director or other financial officer of the City shall maintain separate subaccounts for the District and shall divide the District Revenues into the appropriate subaccounts. The monies on deposit in any District Revenues Account shall be pledged to the payment of the principal of and interest on any outstanding TIF Obligations, subject to applicable law.

6.3. Application of Available Revenues.

(a) The City hereby agrees to apply the Available Revenues semi-annually to the payment of the TIF Notes as provided herein. Unless otherwise specified below, such money shall be applied to such payment (either by the Finance Director or other financial officer or, at the option of the City, by the Trustee on behalf of the City) first from the EATS Account, then from the District Revenues Account, and then from the PILOTS Account, as follows:

(1) Declare as surplus pursuant to the TIF Act, the amounts described in subsection (f) below and **Section 6.4(b)** and (c);

(2) Pay arbitrage rebate, if any, owed with respect to the TIF Obligations under Section 148 of the Internal Revenue Code of 1986, as amended, including any costs of calculating arbitrage rebate;

(3) Pay fees and expenses owing to the Trustee for the TIF Obligations, upon delivery to the City of an invoice for such amount;

(4) Pay to the City as compensation for the administration of the Redevelopment Plan and this Agreement (including to reimburse the City for costs incurred by third parties in connection with such administration), the sum of \$7,500 per calendar year, increased annually by three percent;

(5) Pay the extraordinary fees and expenses incurred by the City relating to the Redevelopment Plan, this Agreement and all TIF Notes, including but not limited to (i) any litigation costs not paid by the Developer pursuant to **Section 7.18**, (ii) the costs of responding to any audit, questionnaire or other request for information from the Internal Revenue Service regarding any TIF Obligations and (iii) the cost of the financial analysis described in subsection (f) below;

(6) Pay scheduled principal of, premium, if any, and interest becoming due (by reason of maturity or mandatory sinking fund redemption) on the TIF Obligations on each interest payment date;

(7) Replenish any deficiency in any debt service reserve fund; and

(8) Redeem TIF Obligations using all remaining Available Revenues.

(b) If TIF Bonds are issued, Available Revenues will be applied in the manner described in the trust indenture for the TIF Bonds. The City and the Developer agree that

Available Revenues may, if recommended by Bond Counsel, be bifurcated so that portions of the Available Revenues are used to pay separate series of TIF Obligations (for example, Bond Counsel may recommend a series of TIF Obligations payable only from District Revenues).

(c) If the moneys available in the Special Allocation Fund are insufficient to reimburse the City as provided in (a)(4) or (a)(5) above on any interest payment date, then the unpaid portion shall be carried forward to the next interest payment date, with interest thereon at the Prime Rate.

(d) The City agrees to direct the officer of the City charged with the responsibility of formulating budget proposals to include in the budget proposal submitted to the City Council for each fiscal year that the TIF Obligations are outstanding a request to appropriate all moneys in the EATS Account and the District Revenues Account in the manner provided by this Section.

(e) Notwithstanding anything to the contrary contained herein, the ratio of District Revenues to all Available Revenues applied pursuant to (a) above shall not exceed the ratio of Reimbursable Redevelopment Project Costs eligible for reimbursement under the CID Act, if applicable, to all Reimbursable Redevelopment Project Costs.

(f) Following acceptance or deemed acceptance of the Certificate of Substantial Completion pursuant to **Section 3.11**, the Developer shall notify the City in writing when the Redevelopment Project has first reached 85% occupancy. Upon receipt of such notice, the City shall commission a planning consultant and/or financial consultant to analyze whether the projected stream of Available Revenues to be generated by the Redevelopment Project (based on the then-current tenants of the Redevelopment Project) will be sufficient to amortize the outstanding amount of TIF Obligations (or if TIF Obligations have not yet been issued, the City's estimate of the maximum principal amount of the to-be-issued TIF Obligations) prior to _____, 2040, assuming a 1.45 debt service coverage ratio. If such amortization is possible, the planning consultant and/or financial consultant will further evaluate the amount of PILOTs that could be declared as surplus pursuant to the TIF Act on an annual basis while still maintaining amortization prior to _____, 2040 and a 1.45 debt service coverage ratio. The City shall provide written copies of the analysis to the Developer and the Ladue School District. Once TIF Bonds are issued, the City may, in its sole discretion, declare a portion of the PILOTs as surplus under the TIF Act so long as the remaining projected Available Revenues will, based on the above-described analysis, be sufficient to amortize the outstanding TIF Obligations (or estimated maximum principal amount of to-be-issued TIF Obligations), assuming a 1.45 debt service coverage ratio. The City shall not declare any Available Revenues as surplus pursuant to the TIF Act, except as provided in this subsection and **Section 6.4(b)** and (c).

6.4. Developer Cooperation in Determining Available Revenues.

(a) The Developer (or its successor(s) in interest as an owner or owner(s) of the affected portion(s) of the Property) shall:

(1) require each "seller" (as that term is defined in Section 144.010(10) of the Revised Statutes of Missouri, as amended) located on the Property that has multiple

business operations within the City to file a separate Missouri Department of Revenue Form 53-1 for each location in order to separately identify and declare all sales taxes originating within the Redevelopment Area;

(2) supply or cause to be promptly supplied to the City, monthly sales tax information of each “seller” (as that term is defined in Section 144.010(10), RSMo.) in a form substantially similar to the monthly sales tax returns filed with the Missouri Department of Revenue;

(3) make good faith efforts to assist the City in compiling any information that the City must publicly report, including, without limitation, the information required by Section 99.865.1 of the TIF Act; and

(4) include a provision in every new or amended lease, purchase agreement or similar agreement requiring any lessee, purchaser or transferee of real property or other user of real property located within the Redevelopment Area that states:

Economic Activity Taxes: [*Tenant/Purchaser/Transferee*] acknowledges that the Premises are a part of a tax increment financing district (“TIF District”) created by the City of Olivette, Missouri (the “City”) and that certain taxes generated by [*Tenant/Purchaser/Transferee*]’s economic activities, including sales taxes, will be applied toward the costs of improvements for the development that the Premises are part of. Upon the request of [*Landlord/Seller/Transferor*] or the City, [*Tenant/Purchaser/Transferee*] shall forward to the City monthly or quarterly, as applicable, sales tax information in a form substantially similar to the sales tax returns filed with the Missouri Department of Revenue for its property located in the TIF District, and, upon request, shall provide such other reports and returns regarding other local taxes generated by [*Tenant/Purchaser/Transferee*]’s economic activities in the TIF District as the City shall require, all in the format prescribed by them. Sales tax confidentiality shall be protected by the City as required by law. [*Tenant/Purchaser/Transferee*] acknowledges that the City is a third-party beneficiary of the obligations in this Section, and that the City may enforce these obligations in any manner provided by law.

Alternate language may be used by the Developer if such language is approved by the City Attorney. At the request of the City, the Developer shall provide a certification to the City confirming that a lease, purchase agreement or similar agreement includes the provisions satisfying the Developer’ obligation as set forth above.

(b) Unless the Developer or an occupant of the Property provides utility tax documentation to the City, the Developer hereby waives any claim to utility tax revenues and hereby agrees to bring no suit, claim or other action against the City seeking the deposit of utility tax revenues into the Special Allocation Fund. Any utility tax revenues generated from the Redevelopment Area for which the Developer has not provided documentation to the City are hereby declared to be surplus by the City pursuant to the TIF Act.

(c) The Developer hereby acknowledges and agrees that the City will not be able to determine whether certain use tax revenues (including, without limitation, use tax paid by Amazon.com) are generated within the Redevelopment Area and, therefore, subject to tax increment financing. Accordingly, the Developer hereby waives any claim to use tax revenues that the City cannot readily identify as having been generated in the Redevelopment Area, and hereby agrees to bring no suit, claim or other action against the City seeking deposit of such use tax revenues into the Special Allocation Fund. To the extent any use tax revenues generated in Redevelopment Area qualify as Economic Activity Taxes, such taxes shall be declared as surplus under the TIF Act.

6.5. Obligation to Report TIF Revenues and District Revenues. Any purchaser or transferee of real property located within the Property, and any lessee or other user of real property located within the Property required to pay TIF Revenues and District Revenues, shall use all reasonable efforts to timely furnish to the City such documentation as is required by **Section 6.4**. So long as any TIF Obligations are outstanding, the Developer shall cause such obligation to be a covenant running with the land and shall be enforceable as if such purchaser, transferee, lessee or other user of such real property were originally a party to and bound by this Agreement.

ARTICLE VII

GENERAL PROVISIONS

7.1. Developer's Right of Termination. At any time prior to the delivery of the Certificate of Substantial Completion, the Developer may, by giving written notice to the City, abandon the Work and terminate this Agreement.

7.2. City's Right of Termination. The City may terminate this Agreement at any time prior to the delivery of the Certificate of Substantial Completion if the Developer:

(a) defaults in or breaches any material provision of this Agreement and fails to cure such default or breach pursuant to **Section 7.6** (subject to extension in accordance with **Section 7.7** unless expressly stated otherwise herein); or

(b) materially breaches any representation or warranty contained in **Section 8.2**.

7.3. Results of Termination. If this Agreement is terminated pursuant to **Section 7.1** or **Section 7.2**, then:

(a) the City shall have no further obligation to reimburse the Developer for any amounts advanced under this Agreement, or costs otherwise incurred or paid by such Developer; and

(b) the Developer shall have no further obligations to the City, except such obligations that expressly survive termination, as set forth in **Section 7.19**.

7.4. Term of Agreement. This Agreement, and all of the rights and obligations of the parties hereunder, shall terminate and shall become null and void on that date which is the latest of (a) 23 years from the date of adoption of the TIF Ordinance, (b) the payment of all Reimbursable Redevelopment Project Costs and the retirement in full of all TIF Obligations, or (c) the delivery of a written notice by the City (and recordation of a copy of such notice with the St. Louis County Recorder) that this Agreement has been fully terminated pursuant to **Section 7.1 or 7.2.**

7.5. Successors and Assigns; Transfers to Tax-Exempt Organizations.

(a) *Successor and Assigns.*

(1) This Agreement shall be binding on and shall inure to the benefit of the parties named herein and their respective successors and assigns.

(2) Without limiting the generality of the foregoing, all or any part of the Property or any interest therein may be sold, transferred, encumbered, leased, or otherwise disposed of at any time, and the rights of the Developer named herein or any successors in interest under this Agreement or any part hereof may be assigned at any time before, during or after redevelopment of the Redevelopment Project, whereupon the party disposing of its interest in the Property or assigning its interest under this Agreement shall be thereafter released from further obligation under this Agreement (although any such Property so disposed of or to which such interest pertains shall remain subject to the terms and conditions of this Agreement); provided, except as set forth below, prior to the City's acceptance of a Certificate of Substantial Completion, the Developer may not sell any Property it owns or assign its rights or obligations hereunder without the City's prior written approval.

(3) The Developer may, without the City's prior approval:

(i) assign all of its rights, duties and obligations hereunder to a Related Party if (A) such entity expressly assumes all of the Developer's rights, duties and obligations hereunder, (B) such entity provides evidence as required by **Section 7.10**, (C) the Developer provides at least 15 days' advance written notice of the proposed assignment (and a copy of the proposed assignment agreement) to the City, and (D) the Developer promptly provides a copy of the executed assignment to the City; or

(ii) encumber or collaterally assign its interests in the Property or any portion thereof to secure loans, advances or extensions of credit to finance or from time to time refinance all or any part of the Redevelopment Project Costs or associated costs, or the right of the holder of any such encumbrance or transferee of any such collateral assignment (or trustee or agent on its behalf) to transfer such interest by foreclosure or transfer in lieu of foreclosure under such

encumbrance or collateral assignment and for the successor to further transfer the property to its successors; or

(iii) lease or sale of portions of the Redevelopment Area to tenants or other end-users in the ordinary course of the Developer's business.

(b) *Tax-Exempt Organizations.* The Developer, without the prior written consent of the City, shall not, until all Reimbursable Redevelopment Project Costs have been paid (including TIF Obligations issued to finance such Reimbursable Redevelopment Project Costs), sell all or any portion of the Property to an organization exempt from payment of ad valorem property taxes, unless such organization agrees to pay to the City, for deposit into the Special Allocation Fund, payments in lieu of taxes equal to the ad valorem real property taxes that would be due on such portion of the Property, but for the organization's exempt status. Any organization that is or may become exempt from payment of ad valorem property taxes shall, by its purchase of a portion of the Property and for each year that it is exempt from paying ad valorem property taxes on such portion of the Property, agree to pay to the City, for deposit into the Special Allocation Fund, payments in lieu of taxes equal to the ad valorem real property taxes that would be due on such portion of the Property, but for the organization's exempt status. This obligation to make payments in lieu of taxes shall terminate upon the retirement of all TIF Obligations. This requirement shall be a covenant running with the land and shall be enforceable for such period as if such purchaser or other transferee or possessor thereof were originally a party to and bound by this Agreement.

7.6. Remedies. In the case of any default in or breach of any term or condition of this Agreement by either party, the defaulting or breaching party shall, upon written notice from the other party specifying such default or breach, cure or remedy such default or breach within 30 days after receipt of notice (or such longer period as shall be reasonably required to cure such default, provided that the breaching party (a) has commenced such cure within said 30-day period and (b) diligently pursues such cure to completion. If such cure or remedy is not completed or diligently pursued, the aggrieved party may institute such proceedings as may be necessary or desirable in its opinion to cure and remedy such default or breach, including, but not limited to proceedings to compel specific performance by the defaulting or breaching party or to terminate this Agreement (provided, however, that any termination after the issuance of any TIF Obligations shall not affect the validity of the TIF Obligations or the City's obligations to apply Available Revenues in the manner described in **Section 6.3**).

7.7. Extensions of Time for Performance.

(a) Upon satisfaction of the provisions of paragraph (b) of this Section, neither the City nor the Developer nor any successor in interest shall be considered in breach or default of their respective obligations under this Agreement, and times for performance of obligations hereunder shall be extended in the event of any delay caused by force majeure, including, without limitation, damage or destruction by fire or casualty; strike; lockout; civil disorder; acts of terrorism; significant escalation of hostilities involving U.S. armed forces; lack of issuance of any permits and/or legal authorization by the governmental entity necessary for the Developer to proceed with construction of the applicable portion of the Work, including approval of the

Approved Site Plan for the Redevelopment Project (but only if the Developer files all necessary documentation relating thereto in a timely manner considering the dates set forth in **Section 3.3** of this Agreement); shortage or delay in shipment of material or fuel; acts of God; unusually adverse weather or wet soil conditions; or other causes beyond the reasonable control of the party required to perform, including, but not limited to, any referendum, litigation, court order or judgment resulting from any litigation affecting the validity of the Redevelopment Plan, the Redevelopment Project, the TIF Obligations, this Agreement or any other litigation that adversely affects the development of the Redevelopment Project. Notwithstanding the foregoing, the parties agree that economic conditions, market conditions, financial conditions, lender restrictions, lack of tenant interest, and similar conditions or events do not constitute events of force majeure hereunder. The parties further agree that, to their knowledge, no event of force majeure exists at the time of execution of this Agreement.

(b) No event under (a) shall be deemed to exist (1) as to any matter that could have been avoided by the exercise of due care in accordance with industry standards, (2) as to any matter unreasonably perpetuated by the Developer, and (3)(i) unless the Developer uses good faith efforts to provide the City Manager with a written notice within 20 days of the Developer's knowledge of the commencement of such claimed event specifying the event of force majeure, or (ii) the Developer demonstrates to the City Manager's reasonable satisfaction that the Developer has diligently pursued its obligations under this Agreement, but for reasons beyond the Developer's control, has been unable to complete such obligations within the time specified in this Agreement. Times for performance shall be extended only for the amount of delay resulting from the event of force majeure.

7.8. Notices. Any notice, demand or other communication required by this Agreement to be given by one party hereto to another shall be in writing and shall be sufficiently given or delivered if dispatched by certified United States first class mail, postage prepaid, delivered personally, or transmitted electronically (and receipt confirmed by telephone or electronic read receipt):

7.9. Conflict of Interest. No member of the City Council, the TIF Commission, or any branch of the City's government who has any power of review or approval of any of the Developer's undertakings, or of the City's contracting for goods or services for the Redevelopment Area, shall participate in any decisions relating thereto which affect that member's personal interests or the interests of any corporation, partnership or other entity in which that member is directly or indirectly interested. Any person having such interest shall immediately, upon knowledge of such possible conflict, disclose, in writing, to the City Council the nature of such interest and seek a determination by the City Council with respect to such interest and, in the meantime, shall not participate in any actions or discussions relating to the activities herein proscribed.

7.10. Insurance; Damage or Destruction of Redevelopment Project.

(a) In accordance with **Section 3.4**, the Developer will obtain or cause its contractors to maintain the insurance policies as hereinafter set forth at all times during the process of constructing the Work and continuing so long as any TIF Obligations are outstanding. The

Developer shall, from time to time at the request of the City, furnish the City with proof of payment of premiums on:

(1) During the construction of the Work, builder's risk insurance in a commercially reasonable amount;

(2) Commercial liability insurance with coverages of not less than the current absolute statutory waivers of sovereign immunity in Sections 537.600 and 537.610 of the Revised Statutes of Missouri, as amended (which for calendar year 2017 is equal to \$2,762,789 for all claims arising out of a single accident or occurrence and \$414,418 for any one person in a single accident or occurrence). Further, the policy shall be adjusted upward annually, to remain at all times not less than the inflation-adjusted sovereign immunity limits as published in the Missouri Register on an annual basis by the Department of Insurance pursuant to Section 537.610 of the Revised Statutes of Missouri, as amended; and

(2) Workers' Compensation insurance, with statutorily required coverage.

(b) The policies of insurance required pursuant to clause (2) above shall be in form and content reasonably satisfactory to the City and shall be placed with financially sound and reputable insurers licensed to transact business in the State with a financial strength rating of not less than A- and a financial size category of not less than VIII as designated in the most current available "Best's" insurance reports. The policies of insurance delivered pursuant to clause (2) above shall name the City as an additional insured, shall be primary and non-contributory with respect to any insurance maintained by the City, and shall contain an agreement of the insurer to give not less than ten (10) days advance written notice to the City in the event of cancellation of such policy or change affecting the coverage thereunder. The Developer shall deliver or cause to be delivered to the City evidence, in the form of certificates of insurance, of all insurance to be maintained hereunder. The certificates of insurance shall state that "the City of Olivette is an additional insured on a primary and non-contributory basis."

(c) The Developer shall provide evidence (in form and substance reasonably acceptable to the City Attorney) that the insurance policy referenced in paragraph (a)(2) or another applicable policy includes contractual liability insurance covering the Developer's obligations to indemnify the City, as provided in this Agreement, by an insurance company with a rating by a reputable rating agency indicating excellent or superior financial strength (i.e., an A.M. Best rating of "A-" or better). Simultaneously with the delivery of this Agreement and annually thereafter prior to the acceptance or deemed acceptance of the Certificate of Substantial Completion for a portion of the Work, the Developer shall provide to the City Attorney evidence of continued insurance demonstrating compliance with this subsection. The Developer agrees to provide immediate written notice to the City when the cancellation, termination, expiration or modification of the applicable contractual liability policy occurs.

(d) The Developer hereby agrees that, so long as any TIF Obligations are outstanding, if any portion of the Redevelopment Project is damaged or destroyed, in whole or in part, by fire or other casualty (whether or not covered by insurance), or by any taking in condemnation

proceedings or the exercise of any right of eminent domain, the Redevelopment Project may be restored, replaced or rebuilt with such alterations or changes as may be approved in writing by the City, which approval shall not be unreasonably withheld or delayed. If the Redevelopment Project is not restored, replaced or rebuilt as described above, then the outstanding principal balance of the TIF Notes, if any, shall be reduced to an amount that can reasonably be expected to be repaid with the Available Revenues anticipated to be generated by the remaining portions of the Redevelopment Project and any replacement portions of the Redevelopment Project to be constructed (as determined by the City's financial advisor using revenue projections prepared by the City's planning consultant and a debt service coverage ratio of 1.25). The Developer (upon learning of the same) shall give prompt written notice to the City of any damages or destruction to any portion of the Redevelopment Project by fire or other casualty, irrespective of the amount of such damage or destruction, and in such circumstances the Developer shall make the portions of the Redevelopment Area that they control safe and in compliance with all applicable laws as provided herein.

(e) These covenants are for the benefit of the City and may be enforced by the City by a suit for specific performance or for damages, or both.

7.11. Inspection. The City may conduct such periodic inspections of the Work as may be generally provided in the Municipal Code. In addition, the Developer shall allow other authorized representatives of the City access to the site from time to time upon reasonable advance notice for inspection of the Redevelopment Project. The Developer shall also allow the City and its employees, agents and representatives to inspect, upon request, all architectural, engineering, demolition, construction and other contracts and documents pertaining to the construction of their respective portions of the Work as the City determines is reasonable and necessary to verify the Developer's compliance with the terms of this Agreement. The Developer shall advise each contractor for the Redevelopment Project of the contractor's obligations under the Municipal Code regarding permits and inspections. The provisions of this Section shall terminate upon the approval or deemed approval of the Certificate of Substantial Completion relating to the applicable portion of the Work.

7.12. Choice of Law. This Agreement shall be taken and deemed to have been fully executed, made by the parties in, and governed by the laws of State for all purposes and intents. Any action arising out of, or concerning, this Agreement shall be brought only in the Circuit Court of St. Louis County, Missouri. All parties to this Agreement consent to the jurisdiction and venue of such court.

7.13. Entire Agreement; Amendment. The parties agree that this Agreement constitutes the entire agreement among the parties and that no other agreements or representations other than those contained in this Agreement have been made by the parties. This Agreement shall be amended only in writing and effective when signed by the authorized agents of the parties.

7.14. Counterparts. This Agreement is executed in multiple counterparts, each of which shall constitute one and the same instrument.

7.15. Severability. If any term or provision of this Agreement is held to be unenforceable by a court of competent jurisdiction, the remainder shall continue in full force and effect, to the extent the remainder can be given effect without the invalid provision.

7.16. Representatives Not Personally Liable. No elected or appointed official, agent, employee or representative of the City shall be personally liable to the Developer in the event of any default or breach by any party under this Agreement, or for any amount which may become due to any party or on any obligations under the terms of this Agreement.

7.17. Actions Contesting the Validity and Enforceability of the Redevelopment Plan.

(a) Before the issuance of the TIF Bonds, if a third party brings an action against the City or the City's officials, agents, employees or representatives contesting the validity or legality of the Redevelopment Area, the Redevelopment Project, the Redevelopment Plan, the TIF Notes or this Agreement, the Developer may, at its option, assume the defense of such claim or action with counsel of the Developer's choosing, but the Developer may not settle or compromise any claim or action for which the Developer has assumed the defense without the prior approval of the City. If the City does not approve a settlement or compromise which the Developer would agree to, the Developer shall not be responsible for any costs or expenses incurred thereafter in the defense of such claim or action or any portion of any settlement or compromise in excess of the settlement or compromise the Developer would agree to. The parties expressly agree that so long as no conflicts of interest exist between them with regard to the handling of such litigation, the same attorney or attorneys may simultaneously represent the City and the Developer in any such proceeding; provided, the Developer and their counsel shall consult with the City throughout the course of any such action and the Developer shall pay all reasonable and necessary costs incurred by the City in connection with such action. All costs of any such defense, whether incurred by the City or the Developer, shall be deemed to be Reimbursable Redevelopment Project Costs and reimbursable from any amounts in the Special Allocation Fund, subject to **Article IV** hereof. The City shall have no obligation to defend the validity or legality of the Redevelopment Area, the Redevelopment Project, the Redevelopment Plan, the TIF Notes or this Agreement if the Developer chooses not to assume the defense of such claim or action as described above.

(b) In addition, if a third party brings an action against the City or the City's officials, agents, employees or representatives with respect to any other matter as to which the Developer is obligated to indemnify pursuant to **Section 7.18(b)**, the Developer may, at its option, assume the defense of such claim or action with counsel of the Developer's choosing, but the Developer may not settle or compromise any claim or action for which the Developer have assumed the defense without the prior approval of the City. If the City does not approve a settlement or compromise which the Developer would agree to, the Developer shall not be responsible for any costs or expenses incurred thereafter in the defense of such claim or action or any portion of any settlement or compromise in excess of the settlement or compromise the Developer would agree to. The parties expressly agree that so long as no conflicts of interest exist between them with regard to the handling of such litigation, the same attorney or attorneys may simultaneously represent the City and the Developer in any such proceeding; provided, the Developer and their

counsel shall consult with the City throughout the course of any such action and the Developer shall pay all reasonable and necessary costs incurred by the City in connection with such action.

7.18. Release and Indemnification.

(a) *Releases.* Notwithstanding anything herein to the contrary, the City and its elected officials, officers, agents, servants, employees and independent contractors shall not be liable to the Developer for any damages or losses (including injuries and deaths) (1) resulting from any part of the TIF Act, or any ordinance adopted in connection with either the TIF Act, this Agreement or the Redevelopment Plan, being declared invalid or unconstitutional in whole or in part by the final (as to which all rights of appeal have expired or have been exhausted) judgment of any court of competent jurisdiction, and by reason thereof either the City is prevented from performing any of the covenants and agreements herein or the Developer is prevented from enjoying the rights and privileges hereof, (2) occurring at or about or resulting from the construction of the Work and the maintenance of the Redevelopment Area or (3) resulting from any lawful decision made or position taken by the City relating in any manner whatsoever to this Agreement, the Redevelopment Plan, the Redevelopment Project, the Approved Site Plan, the Work or the Property. The Developer hereby acknowledges and agrees that (i) all covenants, stipulations, promises, agreements and obligations of the City contained herein shall be deemed to be the covenants, stipulations, promises, agreements and obligations of the City and not of any of its elected officials, officers, agents, servants or employees in their individual capacities and (ii) no official, employee or representative of the City shall be personally liable to the Developer.

(b) *Indemnifications.* The Developer covenants and agrees to indemnify, defend and hold harmless the City, its elected officials, officers, agents, servants, employees and independent contractors against any loss or damage to property or any injury to or death of any person:

(1) occurring or resulting from (A) the acquisition of the Property, including, but not limited to, damages related to the abandonment of condemnation proceedings and (B) the construction of the Work, including, but not limited to, the location of hazardous wastes, hazardous materials or other environmental contaminants on the Property and the design and development of the Redevelopment Project;

(3) connected in any way to the negligence or willful misconduct of the Developer, their employees, agents or independent contractors; or

(4) resulting from the lack of compliance by the Developer with any state, federal or local environmental law, regulation or ordinance applicable to the Property.

The indemnification provided under this Section includes all costs of defense, including attorneys' fees, interest fees and other penalties. Notwithstanding anything to the contrary contained herein, the indemnity provided in this Section will not extend to any matters arising out of the negligence or intentional misconduct of the City and its elected officials, officers, agents, servants, employees and independent contractors.

(c) The releases and indemnifications contained in this Section shall survive termination or expiration of this Agreement, but nothing in this Agreement (including **Section 7.19**) shall be construed to require the Developer to indemnify the City, its elected officials, officers, employees, agents and independent contractors for any claims related to actions or events that occur after the termination of this Agreement.

7.19. Survival. Notwithstanding anything to the contrary in this Agreement, the following provisions shall survive the expiration or termination of this Agreement: (a) the Developer's reimbursement obligation in **Section 2.2** with respect to costs incurred by the City prior to termination of this Agreement; (b) the limitation on liability in **Section 7.16**; and (c) the provisions of **Sections 7.17** and **7.18**.

7.20. Maintenance of the Property. The Redevelopment Project shall remain in compliance with all provisions of the Municipal Code relating to maintenance and appearance during the construction of the Redevelopment Project or any portions thereof. The obligations under this Section shall be a covenant running with the land, enforceable as if any subsequent transferee thereof were originally a party to and bound by this Agreement.

7.21. Enforcement of Agreement. The parties hereto agree that irreparable damage would occur in the event any provision of this Agreement was not performed in accordance with its specific terms or was otherwise breached. It is accordingly agreed that the parties shall be entitled to obtain an injunction or injunctions to prevent breaches of this Agreement and to enforce specifically the terms and provisions hereof.

7.22. Cancellation of Agreement; Recording of Agreement.

(a) Notwithstanding anything to the contrary contained herein, the effectiveness of this Agreement is expressly conditioned upon the acquisition of the Property by the Developer on or before April 30, 2018. If the Developer does not acquire the Property on or before April 30, 2018 (not including title to any portion of the Property that is subject to a then-current condemnation proceeding), then this Agreement shall be deemed cancelled and shall be null and void (except for such provisions that expressly survive termination). The provisions of **Section 7.7** do not apply to this subsection.

(b) The Developer shall cause the obligations arising pursuant to this Agreement to be a covenant running with the land by recording this Agreement or a memorandum of this Agreement in the real estate records of St. Louis County, Missouri. Upon the expiration or termination of this Agreement, the City will, at the expense and request of the Developer, join with the Developer to execute and record a notice of such expiration or termination in the real estate records of St. Louis County.

7.23. No Waiver of Sovereign Immunity. Nothing in this Agreement shall be construed or deemed to constitute a waiver of the City's sovereign immunity.

7.24. No Third Party Beneficiaries. This Agreement constitutes a contract solely between the City and the Developer. No third party has any beneficial interest in or derived from this Agreement.

ARTICLE VIII

REPRESENTATIONS, WARRANTIES AND COVENANTS OF THE PARTIES

8.1. Representations of the City. The City makes the following representations and warranties, which are true and correct on the date hereof:

(a) *No Violations.* The execution and delivery of this Agreement, the consummation of the transactions contemplated thereby, and the fulfillment of the terms and conditions hereof do not and will not conflict with or result in a breach of any of the terms or conditions of any agreement or instrument to which it is now a party, and do not and will not constitute a default under any of the foregoing.

(b) *No Litigation.* To the City's knowledge, no litigation, proceedings or investigations are pending or threatened against the City with respect to the Redevelopment Project or this Agreement. In addition, no litigation, proceedings or investigations are pending or, to the knowledge of the City, threatened against the City seeking to restrain, enjoin or in any way limit the approval or issuance and delivery of this Agreement or which would in any manner challenge or adversely affect the existence or powers of the City to enter into and carry out the transactions described in or contemplated by the execution, delivery, validity or performance by the City of, the terms and provisions of this Agreement.

(c) *Governmental or Corporate Consents.* No consent or approval is required to be obtained from, and no action need be taken by, or document filed with, any governmental body or corporate entity in connection with the execution and delivery by the City of this Agreement.

(d) *No Default.* No default or event of default has occurred and is continuing, and no event has occurred and is continuing which with the lapse of time or the giving of notice, or both, would constitute a default or an event of default in any material respect on the part of the City under this Agreement.

8.2. Representations of the Developer. The Developer makes the following representations and warranties, which representations and warranties are true and correct on the date hereof:

(e) *Compliance with Laws.* With respect to its ability to perform pursuant to this Agreement, the Developer is, to its knowledge, in compliance with all valid laws, ordinances, orders, decrees, decisions, rules, regulations and requirements of every duly constituted governmental authority, commission and court applicable to any of its affairs, business, operations as contemplated by this Agreement.

The principal or redemption price of and interest on the TIF Notes shall be payable by check or draft in any coin or currency that, on the respective dates of payment thereof, is legal tender for the payment of public and private debts.

This Note is one of an authorized series of fully-registered notes of the City designated "City of Olivette, Missouri, [Tax-Exempt] [Taxable] Tax Increment Revenue Notes (Gateway I-170 Redevelopment Project), Series [A/B]," which together with other authorized series of fully-registered Notes of the City designated "City of Olivette, Missouri, [Tax-Exempt] [Taxable] Tax Increment Revenue Notes (Gateway I-170 Redevelopment Project), Series [A/B]," aggregate a principal amount of up to \$_____ (collectively the "TIF Notes"). The TIF Notes are being issued for the purpose of paying a portion of the Redevelopment Project Costs in connection with the Gateway I-170 Tax Increment Financing (TIF) Redevelopment Plan, under the authority of and in full compliance with the City Charter, the Constitution and laws of the State of Missouri, including particularly the Real Property Tax Increment Allocation Redevelopment Act, Sections 99.800 through 99.865, inclusive, of the Revised Statutes of Missouri, as amended (the "Act"), and pursuant to a Trust Indenture dated as of _____, 20__, between the City and the Trustee (said Trust Indenture, as amended and supplemented in accordance with the terms thereof, being herein called the "Indenture").

The TIF Notes constitute special, limited obligations of the City payable as to principal, premium, if any, and interest solely from the Pledged Revenues and other moneys pledged thereto and held by the Trustee pursuant to the Indenture.

“*Pledged Revenues*” means all Available Revenues and all moneys held in the Revenue Fund and the Debt Service Fund under the Indenture, together with investment earnings thereon.

“*Net Proceeds*” means (a) all Payments in Lieu of Taxes on deposit in the PILOTS Account of the Special Allocation Fund, and (b) subject to annual appropriation, all Economic Activity Tax Revenues on deposit in the EATS Account and all District Revenues on deposit in the District Revenues Account of the Special Allocation Fund that have been appropriated to the repayment of the TIF Notes, excluding in all cases (i) any amount paid under protest until the protest is withdrawn or resolved against the taxpayer, and (ii) any sum received by the City which is the subject of a suit or other claim communicated to the City that challenges the collection of such sum.

“*Payments in Lieu of Taxes*” means those payments in lieu of taxes (as defined in Sections 99.805 and 99.845 of the Act) attributable to the increase in the current equalized assessed valuation of all taxable lots, blocks, tracts and parcels of real property in the Redevelopment Area over and above the certified total initial equalized assessed valuation of the real property in the Redevelopment Area, as provided for by Section 99.855 of the Act.

“*Economic Activity Tax Revenues*” means 50% of the total additional revenues from taxes which are imposed by the City or any other taxing district (as that term is defined in Section 99.805 of the Act) and which are generated by economic activities within the Redevelopment Area over the amount of such taxes generated by economic activities within the Redevelopment Area in the calendar year prior to the adoption of tax increment financing within the Redevelopment Area, but excluding therefrom personal property taxes, taxes imposed on sales or charges for sleeping rooms paid by transient guests of hotels and motels, licenses, fees or special assessments and taxes imposed pursuant to Section 94.660 of the Revised Statutes of Missouri, as amended, and any other taxes excluded from tax increment financing by Missouri law.

“*District Revenues*” means any and all revenues generated by the District Sales Taxes that are appropriated by the District and deposited into the District Revenues Account, less District Expenses.

By purchasing this Note, the Owner hereby agrees that, unless the Developer or an occupant of the Property provides utility tax documentation to the City, the Owner hereby waives any claim to utility tax revenues and agrees to bring no suit, claim or other action against the City seeking the deposit of utility tax revenues into the Special Allocation Fund. Any utility tax revenues generated from the Redevelopment Area for which the Developer or an occupant of the Property does not provide documentation to the City will be declared as surplus by the City pursuant to the TIF Act.

The TIF Notes shall not constitute debts or liabilities of the City, the District, the State of Missouri or any political subdivision thereof within the meaning of any constitutional, statutory

or charter debt limitation or restriction. Neither the City, the District, the TIF Commission, the commissioners of said TIF Commission, the officers and employees of the City, the officers and employees of the District nor any person executing the TIF Notes shall be personally liable for such obligations by reason of the issuance thereof.

Net Proceeds shall be applied to the payment of the TIF Notes in the manner prescribed in the Indenture.

The City agrees to direct the officer of the City charged with the responsibility of formulating budget proposals to include in the budget proposal submitted to the City Council for each fiscal year that Notes are outstanding a request for an appropriation of all moneys on deposit in the EATS Account and the District Revenues Account of the Special Allocation Fund for application in the manner described above.

NOTWITHSTANDING ANY PROVISION HEREIN OR IN THE TIF NOTES TO THE CONTRARY, (1) THE TIF NOTES ARE SUBJECT TO CANCELLATION AND DISCHARGE BY THE CITY IN PART WITHOUT PAYMENT UNDER THE CONDITIONS DESCRIBED IN SECTIONS 7.3 AND 7.10 OF THE AGREEMENT, WHETHER OR NOT THE PRINCIPAL AMOUNT OR INTEREST THEREON HAS BEEN PAID IN FULL AND (2) THE TIF NOTES ARE SUBJECT TO CANCELLATION AND DISCHARGE BY THE CITY IN WHOLE OR IN PART WITHOUT PENALTY UNDER THE CONDITIONS SET FORTH IN SECTION 5.2 OF THE AGREEMENT.

The TIF Notes are subject to optional redemption by the City in whole at any time or in part on any Interest Payment Date at a redemption price of 100% of the principal amount of the TIF Notes to be redeemed, plus accrued interest thereon to the date fixed for redemption, as provided in the Indenture.

The TIF Notes are subject to special mandatory redemption by the City on any Interest Payment Date, at the redemption price of 100% of the principal amount being redeemed, together with accrued interest thereon to the date fixed for redemption, in an amount (subject to the Indenture) equal to the amount which, 40 days (10 days if all of the TIF Notes are owned by the Developer) prior to each Interest Payment Date, is on deposit in the Debt Service Fund and which will not be required for the payment of interest on such Interest Payment Date.

All Taxable Notes shall be redeemed prior to the Tax-Exempt Notes.

If any of the TIF Notes are to be called for redemption as aforesaid, notice of redemption, unless waived, is to be given by the Trustee by mailing an official redemption notice by first class mail at least 30 days (5 days if all of the TIF Notes are owned by the Developer) and not more than 60 days prior to the date fixed for redemption to the registered Owner of each Note to be redeemed at the address shown on the Register as of the date of such notice, as more fully described in the Indenture. Notice of redemption having been given as aforesaid, and provided that moneys are on deposit with the Trustee to effect the required redemption, the TIF Notes or portions of TIF Notes so to be redeemed shall, on the redemption date, become due and payable at the redemption price therein specified, and from and after such date (unless the City defaults

in the payment of the redemption price) such TIF Notes or portions of TIF Notes so called for redemption shall cease to bear interest, shall no longer be secured by the Indenture and shall not be deemed to be Outstanding under the provisions of the Indenture. Any defect in any notice or the failure of any parties to receive any notice of redemption shall not cause any Note called for redemption to remain Outstanding.

The TIF Notes are issuable in the form of fully-registered TIF Notes in the denomination of \$0.01 or any integral multiple thereof.

This Note may be transferred or exchanged, as provided in the Indenture, only upon the Register, upon surrender of this Note together with a written instrument of transfer satisfactory to the Trustee duly executed by the registered owner or the registered owner's duly authorized agent. **THE OWNER HEREOF EXPRESSLY AGREES, BY SUCH OWNER'S ACCEPTANCE HEREOF, THAT THE RIGHT TO TRANSFER, ASSIGN OR NEGOTIATE THIS NOTE SHALL BE LIMITED TO TRANSFER, ASSIGNMENT OR NEGOTIATION TO APPROVED INVESTORS, AS THAT TERM IS DEFINED IN THE INDENTURE.** Accordingly, this Note will be transferable only upon prior delivery to the Trustee of a letter in substantially the form attached to the Indenture as **Exhibit B**, signed by the transferee, showing that such transferee is an Approved Investor. After the Trustee receives the foregoing statement, a new Note of the same maturity and in the same principal amount outstanding as the Note which was presented for transfer or exchange shall be issued to the transferee in exchange therefor as provided in the Indenture, and upon payment of the charges therein prescribed. The City and the Trustee may deem and treat the Person in whose name this Note is registered on the Register as the absolute owner hereof for the purpose of receiving payment of, or on account of, the principal or redemption price hereof and interest due hereon and for all other purposes.

This Note shall not be valid or binding on the City or be entitled to any security or benefit under the Indenture until the Certificate of Authentication hereon has been executed by the Trustee.

IT IS HEREBY CERTIFIED AND DECLARED that all acts, conditions and things required to exist, happen and be performed precedent to and in the issuance of the TIF Notes have existed, happened and been performed in due time, form and manner as required by law.

RECITALS:

1. The District was established pursuant to Ordinance No. _____ dated _____, 2017 (the “Formation Ordinance”) and the Community Improvement District Act, Sections 67.1401 to 67.1571 of the Revised Statutes of Missouri, as amended (the “CID Act”).
2. Pursuant to the Formation Ordinance and the CID Act, the District was created for the purpose of assisting in funding certain public infrastructure improvements benefitting the District (the “District Project”), as described in the Formation Ordinance and a Redevelopment Agreement dated as of _____, 2017 (the “Redevelopment Agreement”) by and between the City and the Developer.
3. The City, the District and the Developer desire to enter into this Agreement, as contemplated by the Redevelopment Agreement, to set forth their respective rights and responsibilities regarding the construction and financing of the District Project.

AGREEMENT:

NOW, THEREFORE, in consideration of the premises and the mutual covenants and agreements contained in this Agreement, the Parties agree as follows:

Section 1. Authority of the City. The City has full constitutional and lawful right, power and authority, under current applicable law, to execute and deliver and perform the terms and obligations of this Agreement, and the Agreement has been duly and validly authorized and approved by all necessary City proceedings, findings and actions. Accordingly, this Agreement constitutes the legal, valid and binding obligation of the City, enforceable in accordance with its terms.

Section 2. Authority of the District. The District has the full constitutional and lawful right, power and authority, under current applicable law, to execute and deliver and perform the terms and obligations of this Agreement, and the Agreement has been duly and

validly authorized and approved by all necessary District proceedings, findings and actions. Accordingly, this Agreement constitutes the legal, valid and binding obligation of the District, enforceable in accordance with its terms.

Section 3. Authority of the Developer. Accordingly, this Agreement constitutes the legal, valid and binding obligation of the Developer, enforceable in accordance with its terms.

Section 4. District Sales Taxes. Promptly following the approval of this Agreement by the CID Board of Directors, the CID shall adopt a resolution to impose a community improvement district sales and use tax (the “District Sales Tax”). The Developer will promptly cause, through its representatives appointed to the District’s Board of Directors and its capacity as a qualified voter, the CID Sales Tax to be levied by the Board of Directors and approved by the qualified voters at the rate of up to one percent (1.0%). The District Sales Tax shall be imposed as soon as possible pursuant to the terms of the CID Act and any other applicable laws.

Section 5. Continuing Existence of the District. Neither the District nor the Developer will take any action to dissolve the District or reduce the rate of the District Sales Tax until the funding and construction of the District Project are completed, including the retirement of the hereinafter-defined Project Obligations or any bonds, notes or other obligations issued to refund or refinance the Project Obligations.

Section 6. Governance of the District. The Parties acknowledge that under the terms of the Formation Ordinance and the CID Act, the District will be governed by a Board of Directors made up of five representatives of the owners of real property or businesses operating within the real property, who will be appointed by the Mayor with the consent of the City Council. The Developer shall be reimbursed for the costs of constructing the District Project from the proceeds of the Project Obligations as described in **Section 8**.

Section 8. Project Obligation Funding of the District Project.

(a) Pursuant to **Article V** of the Redevelopment Agreement, the City will issue (or cooperate in the issuance by another issuer of) tax increment financing notes, bonds or other obligations (the “Project Obligations”) to reimburse the Developer for eligible costs incurred or advanced toward the Work, as defined in the Redevelopment Agreement. The Parties agree that the District Project is part of such Work. Accordingly, the District shall, subject to annual

appropriation, transfer all District Revenues (as defined in the Redevelopment Agreement) collected by the District, after payment of District Expenses (as defined below), to the City (or, at the direction of the City, the Trustee) on the 15th day of each month (or if the 15th is not a business day for City offices, the next day that City offices are open) for deposit into the District Revenues Account of the appropriate fund described in the Redevelopment Agreement for application as described in such documents. "District Expenses" means, beginning with calendar year 2018, the actual costs and expenses incurred by the District to administer the District and necessary to comply with the CID Act, the Redevelopment Agreement, and this Agreement, which, for calendar year 2017 shall not exceed \$12,000 and, for each subsequent year, shall not exceed the preceding year's District Expenses increased by 3%.

(b) The District shall not issue any notes, bonds or other obligations of its own without the prior written permission of the City.

[(c) Notwithstanding anything contained herein to the contrary, the District may exclude ___% of District Revenues generated from the property outside of the Redevelopment Area (the "Other District Revenues") from the District Revenues transferred to the City (or, at the direction of the City, the Trustee) pursuant to (a) above and may use such Other District Revenues for the following purposes:

- [insert list from petition creating the District]*]

The District will maintain reasonable levels of insurance throughout its existence, including but not limited to the procurement of a directors and officers liability or similar policy which includes coverage for all suits, claims, costs of defense, damages, injuries, liabilities, costs and/or expenses, including court costs and attorneys' fees and expenses, resulting from, arising out of, or in any way connected with the proceedings of the Board of Directors pursuant to Chapter 610 of the Revised Statutes of Missouri, as amended.

Section 11. Successors and Assigns. This Agreement may be assigned by the Developer in the same manner as allowed for the assignment of the Redevelopment Agreement.

Section 13. Severability. If any term or provision of this Agreement is held to be unenforceable by a court of competent jurisdiction, the remainder shall continue in full force and effect, to the extent the remainder can be given effect without the invalid provision.

Section 12. Waiver. The City's failure at any time hereafter to require strict performance by the District or the Developer of any provision of this Agreement shall not waive, affect or diminish any right of the City thereafter to demand strict compliance and performance therewith.

EXHIBIT G

SPECIAL DEVELOPMENT CONDITIONS

The Redevelopment Project shall be designed, constructed and operated in a manner that incorporates the following:

- At any time prior to submission of the project site plan to the City for approval, the Developer shall provide the City a traffic study, performed by an engineer reasonably acceptable to the City and showing the impact of the Redevelopment Project on the North Price Road/Olive Boulevard intersection (the "*Traffic Study*"). (If the Missouri Department of Transportation conducts or commissions such a study, that study may be submitted by the Developer.) If the Traffic Study finds that intersection improvements are necessary to alleviate increased traffic congestion caused by the Redevelopment Project, the Developer shall be responsible for constructing such improvements. The Developer shall dedicate any property owned by the Developer that is reasonably necessary to complete such improvements or shall use its good faith efforts to cause the dedication of such property if owned by a related entity (nothing herein shall require any related entity to make any such dedication). The fair market value of any property dedicated for such improvements by a related entity shall be deemed a Reimbursable Redevelopment Project Cost, provided that an MAI-certified appraisal, prepared by an appraiser reasonably acceptable to the City and obtained at the Developer's expense, supports the claimed fair market value. The cost of constructing the improvements shall also qualify as a Reimbursable Redevelopment Project Cost if approved as provided in **Article IV** of the Agreement. Nothing herein shall require the Developer to take any action or expend any sums if the costs of said improvements cause the total Reimbursable Redevelopment Project Costs to be greater than the Maximum Reimbursement Amount.
- The Redevelopment Project shall be equipped with a commercial reasonable security system and footage from the cameras included in the security system shall be retained for at least seven days.
- On-site signs for the Redevelopment Project shall be part of a uniform sign package that is materially consistent with Chapter 415 of the Municipal Code (individual channel letters, uniform font and color, 25% leeway for logos).
- The Redevelopment Project shall be materially consistent with the provisions of Chapter 428 of the Municipal Code regarding lighting and buffering.
- The Developer acknowledges the City's concern that the walkability and character of the Redevelopment Project can be adversely affected by the number of drive-through facilities or by the location or design of such facilities. The City strongly desires to see no more than two drive-throughs, but the parties accordingly agree that the Developer may submit a site plan for the Redevelopment Project including no more than three such facilities; which plan shall be considered in the course of the city's regular process. The

City may approve the site plan containing up to three drive-throughs only if the number and design of drive-throughs is consistent with **Section 3.9** of the Agreement and add aesthetic and/or financial value to the Redevelopment Project as a whole. If the Developer believes it necessary or desirable to add a third drive-through, the Developer shall solicit the City Manager's input at the earliest possible time.
